

Report for council
Monday, April 6, 2009
Councillor Gladys Noddin

On Tuesday, March 17, 2009, I attended a Haida Gwaii Museum Society meeting as the appointee from the Regional District. Among other things, we discussed preparations for the AGM. In connection to that, board directors from each community have to be elected each year. Names of nominees (or volunteers) from community members can be forwarded to Natalie McFarlane. Norm Sloan is one of Queen Charlotte's directors and Councillor Johnson is another. Christopher Collison also serves on the board of Directors.

The financial situation continues to be an on-going conversation – as it is for many other societies on-island.

There are a lot of exciting exhibits and 'shows' being planned for the near and not-so-near future.

Thursday, March 19, 2009

I was in attendance at the special meeting of council.

Tuesday, March 24, 2009, was our community open-house at the QC Community Hall. I was pleased to hear all of the ideas that came forward from those who chose to attend.

Monday, March 30, 2009, we had a Committee of the Whole meeting.

Tuesday, March 31, 2009, an HWAC meeting was supposed to occur. But, due to technical difficulties, Mayor Kulesha and I were the only two who were in attendance. We assigned ourselves tasks and hope that all of the membership receives notice for the next meeting. HWAC will welcome new members at any time. All one needs for qualifications is to have an interest in the community and, in particular, an interest in the health-care aspects of the community. If you know of anyone, ask them to contact the village office and we will make sure that they have an invitation to our next meeting.

Also on Monday, March 31, 2009, I met with the VQC appointee to the Gwaii Forest Society. I am the alternate to Michael Muller and since he was unable to attend today's meeting, he briefed me about the issues that were on the agenda.

Saturday, April 4, 2009, I spent a very delightful afternoon at the opening of Port Clements' new multi-purpose building.

Today, Monday, April 6, 2009, I attended an event with Minister Bell at the MoFR building, a Gwaii Forest Society meeting at the EA Ross room and this council meeting.
