

Report for council
Monday, January 19, 2009
Councillor Gladys Noddin

On behalf of the council and the village, this week has been quite uneventful for me.

Our strategic planning meeting on January 8th evoked a lot of discussion. It was just the first of such meetings until everyone becomes comfortable with the projects that have been started and the direction that the present council wishes them to go into the future.

Monday, January 9th 's brown bag lunch had one member of the public to talk over the lunch hour with Councillor Johnson and myself. From Ms. Bonneau, we received yet another Canada Post complaint, in writing, to add to our pile.

On Monday, January 12th, we all met again at a CoW meeting.

Ms Uliana helped us navigate through the current financial statements and answered all of our questions. Thank-you Debra.

It was good to hear from Anneli Rostenski, MEIDS' managing director. She gave us an overview of what has happened since the creation of MEIDS, what is happening now and what is proposed for the future within that all-island organization.
