

Report for council
May 4, 2009
Councillor Noddin

The week between Tuesday, April 21 and Sunday, April 26th was very quiet for me.

Monday, April 27, 2009

I attended the budget meeting with the mayor and other councillors.

Friday, May 1, 2009

Along with Councillor Martin, I attended the village's brown bag lunch. One member of the community came to talk to us about the watershed and the OPC. Councillor Martin did a fine job at answering the concerns brought forward. Thank-you, Greg.

After having my sandwich at the council chambers, I honoured the invitation to council to attend the Observer newspaper's 40th anniversary open house and to have a piece of cake to finish off my lunch. It is nice to acknowledge a long-time community business and I extended congratulations to them on behalf of the village council.
