

**OPPORTUNITIES
A NEW FACILITY
PROVIDES**

EMERGENCY OPERATIONS CENTRE

A new facility could allow the Fire Hall to turn into an Emergency Operations Centre during a large community emergency event.

The facility could act as a reception centre for displaced residents.

The facility could be equipped with audio/visual and display infrastructure, back up power, kitchen and bathroom facilities and space for cots.

OPERATIONS OFFICE SPACE

A new facility could provide the Fire Hall with isolated offices to support day-to-day operations, as well as during times of emergency.

These offices could include space for both the Fire Chief Office, (which also serves as the Emergency Operations Centre Directors Office during times of emergency) as well as the Radio Dispatch Office.

STORAGE SPACE

A new facility could provide the Fire Hall with space to properly store:

- Firefighting foam -
- Seasonal equipment -
(such as wildfire tools,
pumps and hoses)
- Spare hose -
- Spare protective equipment -
 - Training and public
safety materials -
- Spare equipment parts -

MULTI-PURPOSE FOR OTHER USERS

A new facility could provide space for other users.

- Meeting + training space -
- Audio-visual equipment -
- Large event space -
- Limited storage space -
- Parking -
